

Kiama Downs Surf Life Saving Club Inc

150 North Kiama Drive, Kiama Downs, NSW 2533

COVIDSafe Venue Plan

October 2020

This COVIDSafe plan details standards and best practice for the Surf Club with specific tailoring to the needs of the Kiama Downs Surf Life Saving Club Inc located at 150 North Kiama Drive, Kiama Downs NSW, 2533 and the surround areas that it uses to fulfill its functions.

It incorporates and draws information from a range of materials and resources including industry, government and legislation.

The policies and procedures outlined in this COVIDSafe Plan will help to make the premises a safe environment in which to work and visit.

20/10/2020	7	Changes in legislation

1. Purpose

The purpose of this COVID-19 Safety Plan (**Plan**) is to provide an overarching plan for the implementation and management of procedures by Kiama Downs Surf Life Saving Club Inc (**Kiama Downs SLSC**) to support its members and participants in the staged resumption of clubhouse activity.

Plan also accepts as key principles that:

- The health and safety of members, participants, coaches, officials, administrators/volunteers, visitors, families and the broader community is the number one priority;
- Members, participants, coaches, officials, administrators/volunteers, families and the broader community need to be engaged and briefed on Kiama Downs SLSC's plan;
- Facilities are assessed and appropriate plans are developed to accommodate upgraded hygiene protocols, physical distancing and other measures to mitigate the risk of transmission of COVID-19;
- At all times the Plan is subject to all regulations, guidelines and directions of government and public health authorities.

This Plan is based on information from:

- Safe Work Australia (SWA)
- AIS COVID framework
- NSW Government
- ClubsNSW
- Hospitality Industry

2. Management of the Venue and SLSA Activities

The management of the venue will be carried out by the Club Executive and will comply with all directives detailed in this COVIDSafe Plan.

The day-to-day management of the Club's operations will be controlled by the Club Captain who will ensure that this COVIDSafe Plan is followed.

This management will be delegated to the Club Official present at the Club where appropriate who will become the Club COVID Safety Officer. This COVIDSafe Plan will be available for this Club Official.

Key Contacts:

Title	Name	Mobile	Email
Club Captain	Josh Douglas	0438 376 233	josh@kiamadownssurf.com
Club President	Brett Schweitzer	0421 142 752	brett@kiamadownssurf.com

3. Capacity of the Venue

There are many areas within the KDSLSC and each have different capacities.

The total capacity of the venue will be monitored by the Club Official onsite by monitoring sign-in register, and simple head counting within the different areas of the club.

Each area has a maximum capacity allocated to it that is noted on entry to that section. The table below sets out these limits.

Club Area	Size	Capacity
Function Room	130m ²	32
Deck	114m ²	28
Bar	12.6m ²	3
Kitchen	8.6m ²	2
Radio Room	12.1m ²	3
Downstairs	253.5m ²	50
1 st Aid Room	12.2m ²	3
Total	543m²	118

Volunteers working and contractors are not included in the above calculations and include people such as tradespeople, musicians and catering staff.

The maximum number of contractors onsite at any one time is 7.

For the function areas a total capacity of 72 people (65 patrons and 7 Staff and Contractors) requires 288m² under the 1 person per 4m² rule.

The total area of the club is over 700m², therefore we are within limits under the Public Health order.

A floor plan is attached for reference.

4. Responsibilities under this Plan

Kiama Downs SLSC retains the overall responsibility for the effective management and implementation of the activities and operations outlined in this Plan.

The Executive of Kiama Downs SLSC is responsible for:

- Approving the Plan and overseeing the implementation of the arrangements in the Plan; and
- Revising the Plan as required, ensuring it reflects up to date information from government and public health officials.

The Executive has appointed the following person as the Kiama Downs SLSC COVID-19 Safety Coordinator to execute the delivery of the Plan and to act as a point of contact for information relating to this Plan:

Name	Josh Douglas
Contact Email	josh@kiamadownssurf.com
Contact Number	0438 376 233

Kiama Downs SLSC expects all members, participants, coaches, officials, administrative staff and volunteers to:

- Comply with the health directions of government and public health authorities as issued from time to time;
- Understand and act in accordance with this Plan as amended from time to time;
- Comply with any testing and precautionary measures implemented by Kiama Downs SLSC;
- Act with honesty and integrity regarding the state of their personal health and any potential symptoms; and
- Monitor their health and take a cautious approach to self-isolation and reporting of potential symptoms.

The club COVID Safety Co-ordinator will:

- Oversee the COVID Safe Checklist and safety plan
- Distribute safety posters throughout the club
- Purchase and distribute hand sanitation material for use at entry and exits
- Update plan when required
- Act as a contact for members regarding ideas and questions
- Develop strategies to check on maximum numbers and distancing requirements
- Define and develop cleaning strategies with club management

The club COVID Safety Officer will:

- Be appointed for functions and activities occurring at the Club.
- Have delegated authority under the Plan
- Ensure that the Plan is followed for functions or club activities
- Report any issue to the Club COVID Safety Co-ordinator.

5. General Conditions

The Kiama Downs SLSC will ensure that the following general conditions are always met. These will be reviewed as changes occur and as need arises.

Entry to Premises

Conditions of entry are posted at two entrances to the club. The main entrance is to be used as much as possible to help maintain total venue capacity.

A register is to be kept for all people entering the club, QR sign-in is preferred, with a paper copy available as well to sign-in manually. This record will have date, name and contact details as a minimum and be made digital within 24 hrs if manual sign-in occurs. This will be kept securely for 28 days to allow for contact tracing if required.

Wellbeing of people on premises and exclusion

No person should enter if they are showing any flu like symptoms, such as sore throat, cold, coughs, aches or shortness of breath. If it is deemed necessary, they will be required to self-isolate pending results of a test for COVID-19.

Signage will be posted to ensure that this message is conveyed. A sign at the sign-in register will ensure this occurs as people enter.

COVIDSafe App

Kiama Downs SLSC promotes the use of the COVIDSafe app and the benefits of the app to support contact tracing if required.

Member training and safety

All members will be provided with information relating to COVID-19 infection control and other relevant information and procedures.

Contractor training and safety

Any contractor entering the venue for work or other, will need to prove they understand infection control and hygiene relating to COVID-19, when requested

If at any time they are not following appropriate practices they will be required to leave the premises.

Physical Distancing

Physical distancing is important because COVID-19 is most likely spread through close contact with a person who has a confirmed infection. Physical distancing means keeping people apart.

Currently, this means keeping a distance of at least 1.5m between people.

It is not always possible to maintain this distance so minimising the amount of time people are within 1.5m is essential. If close contact has occurred, you should wash hands or use hand sanitizer.

Work areas

Where any people are working all surfaces should be wiped down with disinfectant before and after use. If appropriate, it should be cleaned at regular intervals whilst people are using the area.

Each area has specific requirements and this needs to be addressed for these areas.

Physical Barriers

Where appropriate, physical barriers are to be used to either separate areas and people or prevent crowds from forming.

Handwashing and Hygiene

All handwashing areas have been stocked with soap and drying facilities.

Hand sanitizer stations have been installed at the following locations:

- Front entrance to Club
- Function room
- Upstairs amenities
- Side door entrance

As well as this small pump action dispensers are available at various locations.

Signage on appropriate use is located at these areas, and various areas around the club.

Cleaning and Disinfecting

All efforts are made to ensure that areas are cleaned before use and other appropriate times, equipment is available so that this can be conducted efficiently.

Correct PPE is available and should be worn when cleaning including gloves and footwear.

Crowd Control

The Club COVID Safety Officer will help to minimise this and for physical distancing to be implemented by all.

Signage will be placed at the exit to remind people to not mass at the exit and to move on as quickly as possible from the club's surrounding areas.

6. Facility Management

Each area of the club will require common safety measures, these include:

- Capping numbers of entry to one person per 4 metre square for the floor space used
- Capacity in each area must not exceed 50 members
- Registration of those using the venue via sign-in log or similar
- Hand and hygiene sterilisation available at entry and exit and other appropriate locations
- Self-cleaning guidelines for members
- Safety promotional posters and material
- Monitoring compliance and cleaning
- Provide guidelines on website, social media and other channels used
- Provide advice to club officers, coaches, team managers and other appropriate people

- Entry and exit paths are to be defined.

7. Surf Club Activities Management

Patrol Activities

- SLSNSW COVID-19 Information Pack – Lifesaving will be followed for all lifesaving activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- If a member is unwell, they should let their Patrol Captain know before their Patrol if possible.
- If a member is not comfortable with the situation, then should notify their Patrol Captain and retire to the club house.
- Patrol members will be in full uniform to easily identify members
- All members to follow the general conditions that are stated below and on posters around the club and patrol shelter

Emergency Callouts

- The Public Health Order does not impede the carrying out of emergency callouts.
- The health of our members is to be taken seriously and of most importance.
- The Duty Officer, Club Emergency Co-ordinator or person in charge will check member welfare and ensure that it is maintained at all times.

Education Training

- Training can recommence with approval from Club Executive
- SLSNSW COVID-19 Information Pack – Education will be followed for all lifesaving activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- Strict hygiene protocols apply for all shared equipment, including the disinfecting of equipment after each use.
- Award specific protocols will be provided as training recommences.
- SLSNSW has provided clubs with an information pack on how to minimise the specific risks associated with resuscitation training in the very near future, including reasonable adjustments that can be made in training and assessment

Junior Activities

- SLSNSW COVID-19 Information Pack – Junior Activities will be followed for all junior activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- Junior committees, Age Mangers and parents will be trained as appropriate in how Nippers will work this season.
- A welcoming person will be available to direct and assist all nippers and parents attending
- Hand sanitizers will be placed on approach to surf club for all to use.
- QR sign in is available for all parents that accompany their child
- Age mangers will have a QR code to log in their age group as well as a paper backup
- All age groups will muster at different areas to help stop cross mingling between age groups
- All equipment will wash and sanitized at the completion of nippers

IRB Competition Training

- SLSNSW COVID-19 Information Pack – Sports will be followed for all Sport training activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- Training can recommence with approval from Club Executive
- Strict hygiene protocols apply for all shared equipment, including the disinfecting of equipment after each use
- Strict physical distancing measures remain in place while outside the IRB maintaining 1.5m distance apart
- A COVID Official is to be nominated for each training session and forwarded to the COVID Safety Officer.
- A training schedule of proposed sessions is to be forwarded to the COVID Safety Officer.
- A log of all participants, including trainers/instructors and spectators is to be maintained, with contact details. This log is to be forwarded to COVID Safety Co-ordinator.
- Please remember to gradually increase your training loads to reduce the risk of injury.

Competition Beach Training

- SLSNSW COVID-19 Information Pack – Sports will be followed for all Sport training activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- Training can recommence with approval from Club Executive
- Strict physical distancing measures remain in place maintaining 1.5m distance apart.
- A COVID Official is to be nominated for each training session and forwarded to the COVID Safety Officer.
- A training schedule of proposed sessions is to be forwarded to the COVID Safety Officer.
- A log of all participants, including trainers/instructors and spectators is to be maintained, with contact details. This log is to be forwarded to COVID Safety Co-ordinator.
- Please remember to gradually increase your training loads to reduce the risk of injury.

Competition Water Training

- SLSNSW COVID-19 Information Pack – Sports will be followed for all Sport training activities.
- The latest copy of the above Information Pack is available on the SLSNSW website.
- Training can recommence with approval from Club Executive
- Strict physical distancing measures remain in place maintaining 1.5m distance apart.
- A COVID Official is to be nominated for each training session and forwarded to the COVID Safety Officer.
- A training schedule of proposed sessions is to be forwarded to the COVID Safety Officer.
- A log of all participants, including trainers/instructors and spectators is to be maintained, with contact details. This log is to be forwarded to COVID Safety Co-ordinator.
- Please remember to gradually increase your training loads to reduce the risk of injury.

General Information to members at entry points and in newsletters

To assist us to create a COVIDSafe Surf Club please follow safety signage and the guidelines below:

- ✓ Register entry via electronic fingerprint scanner or sign in book
- ✓ Maintain Social distancing – 1.5m
- ✓ Personal hygiene encouraged
- ✓ Use hand sanitation on entry and exit
- ✓ Observe maximum number signage and guidelines
- ✓ Download and turn on COVIDSAFE App
- ✓ Self-clean surfaces used with products provided
- ✓ Call the COVID Safety Co-ordinator or Club President if you are diagnosed with COVID-19 after attending the club

- X Don't enter if you are feeling unwell

- X Don't congregate in groups

8. Suspected/Confirmed case within the clubhouse

If anyone is found to be a confirmed case of COVID-19, the SafeWork flowchart is to be followed. It is attached to this policy.

All members or staff who are feeling unwell are to be isolated, excluded from the club. Full support is to be given to this/these members. Where possible the club will provide information on the nearest testing site or ensure that they have the appropriate support to get tested for COVID-19

If a confirmed case of COVID-19 has been identified and they have used the clubhouse, close the facility for cleaning.

Monitor the welfare of the member and check with the member if they have contracted NSW Health and if contract tracing is underway.

Contact the NSW Health helpline on 1300 066 055 to check advice and to check if contact tracing is required from a club level. If required notify members as appropriate.

The required sections of your clubhouse will need to be thoroughly cleaned and disinfected before people can return. Some Safe Work Australia guidelines include:

- Using an ISO accredited cleaner is not required.
- Fogging is not required and is not recommended.
- Swabbing surfaces following disinfection is not required.

For more information on what to do if there is a case of COVID-19 see our infographic What to do if a worker has COVID-19.

10. Review

This plan and its guidelines will be reviewed regularly and following any future government announcements.

Following the review all modifications will be listed and recorded in revision history.

Any modifications will be communicated to appropriate people.
